

The ER-1215S is a hand grip type, 15 W output megaphone with a siren. Pressing the siren button sounds a siren continuously in emergency conditions. The newly developed polyimide diaphragm is employed to ensure high sound quality.

Article number:ER-1215S EU

Specifications

| | |
|------------------------|---------------------------|
| Power source | 6 x 1,5 V (R 14) |
| Rated output | 15 W (23 W max.) |
| Power source | 6 x 1,5 V (R 14) |
| Rated output | 15 W (23 W max.) |
| Battery life | 14 h |
| Battery life on signal | 20 min |
| Signals | Siren |
| Audible range | Voice 315 m, signal 500 m |
| Finish | ABS resin, red, |
| Operating temperature | -10 °C to +40 °C |

Appearance

<Note on the audible range and battery life>

1. The indications of the audible range and battery life are based on the JEITA Standard*.
2. Audible range presumes that the megaphone employs new batteries and is used on a quiet street.
It varies depending on such conditions as battery consumption, ambient noise, wind direction, and obstacles.
3. Battery life assumes that megaphone is used for 30 minutes a day.
